

WARRANTY CLAIM FORM

We offer a one-year warranty on all parts sold by us from the original purchase date.

Compressor warranty claims must include the correctly documented paperwork. Missing or incomplete information will delay processing of your claim.

Please provide proof-of-purchase receipts or work orders from your licensed Auto Electrician, Mechanic or Air Conditioning Technician confirming the Receiver/Drier or desiccant bag was replaced at time of compressor installation. Failure to provide this documentation will result in warranty rejection.

CIRCUMSTANCES THAT MAY VOID YOUR WARRANTY

A. Inadequate oil — failure to use the correct amount and type of refrigerant oil. Refer to paragraph 5 on the Warranty page of our website.

B. Contamination by foreign materials — the A/C system was not flushed when required. Refer to paragraph 1 on the Warranty page of our website.

Any compressor returned for warranty purposes will be stripped down and assessed for the root cause of failure prior to a claim being approved.

Warranty covers parts sold by us from the original purchase date only. We accept no liability for consequential loss, including labour, re-gassing, or other associated costs.
